

*Unleash body and intuition*

## Shiatsu & Creativity Retreat

Essaouira

6 Days / 5 Nights

### The retreat in 3 highlights

#### - When movement meets color,

At the heart of this retreat, two languages intertwine: the language of touch, through shiatsu that awakens energy in depth, and the language of color, through intuitive painting that lets the soul unfold onto the canvas, sometimes carried by the hypnotic rhythms of the Gnawa.

Each day opens with a gentle morning yoga practice, preparing body and mind in harmony, and flowing naturally into these two universes. Offered but never imposed, it leaves everyone free to embrace their own morning rhythm...

#### - At Atlantis 12's Table,

Moroccan cuisine is reimagined as a refined vegetarian symphony, where spices reveal the delicate sweetness of vegetables...

#### - A day in Essaouira,

discover the medina on a guided tour, enjoy lunch atop one of the city's most beautiful rooftops, wander at your own pace, and end the day with an authentic traditional hammam...

*... every moment of this retreat is designed as a graceful pause, suspended between inspiration and serenity.*

*Exclusive intuitive painting workshop to the rhythm of the Gnawa!*

*The wonders of the medina, just 15 minutes away*

*Intuitive painting, an inner journey guided by color and emotion*

*Light and fragrant vegetarian Moroccan cuisine*

*Shiatsu, an ancient art that eases tension, balances energy, and invites profound relaxation*

*Intuitive painting: when colors and free-flowing gestures awaken your inner artist*

### Amid stone walls and the fragrance of thuya, an intimate haven

*On the rooftop, the sun revealed anew each day*

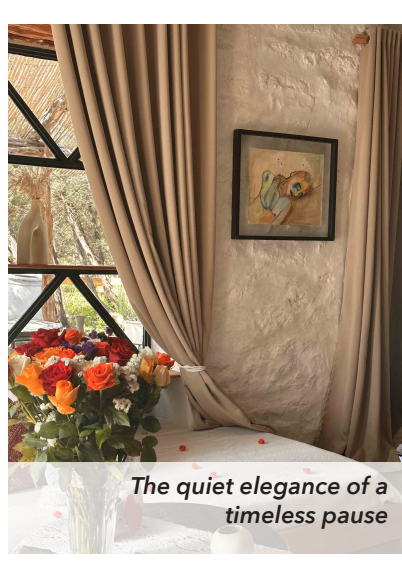

Atlantis 12 is a former Berber sheepfold, patiently restored to blend the authenticity of stone walls with refined comfort. Nestled in the heart of a protected thuya forest, it will be fully privatized to offer a peaceful and exclusive refuge for your retreat.

Its four mini-suites, each with a private lounge and fireplace, an ensuite bathroom, and premium bedding, promise deep and restorative nights. All open onto a vast patio, preserving intimacy while inviting connection.

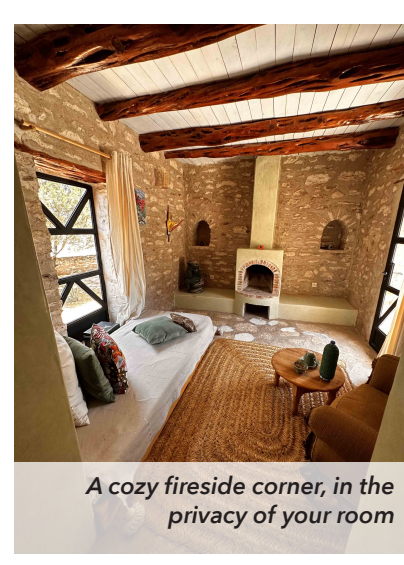

In the middle of the grounds, a small pool awaits the warmest hours to refresh the body, while from the rooftop, the view stretches over the forested horizon and the ear catches the gentle murmur of birds.

*A journey through Morocco's craftsmanship.*

*The quiet elegance of a timeless pause*

*A cozy fireside corner, in the privacy of your room*

*A vibrant patio, where secret and moments are shared*

### Exceptional facilitators

#### Nadia Oudghiri

Trained at Terra Shiatsu and later certified at the Namikoshi Center Europa, Nadia Oudghiri has developed a holistic approach that supports each person according to their specific needs. Through pressure, stretching, and attentive listening, she helps to ease tension, reduce stress, and re-harmonize vital energy (Ki).

Her practice is, above all, an encounter: the breath that soothes, the touch that frees, and the energy that flows once more. She guides each individual as one would guide an inner journey – with gentleness and presence – inviting them to rediscover lasting balance and deep harmony.

#### Lahcen Fikri

Nicknamed the Improviser by his peers, Lahcen Fikri has always intertwined painting and jazz. His first strokes were born from Rotring pens forgotten by his brother, while his father's accordion opened his ear to music. Over time, he shaped a unique pictorial style, carried by intuition, rhythm, and color. For ten years, he successfully led an intuitive painting workshop, inviting each participant to free their sensitivity and move beyond technique to let the essence of the creative gesture emerge. His works have been exhibited in Morocco and internationally, and today are part of both private and public collections around the world.
